About Me

I am a passionate beginner in Front-End development, focused on creating captivating user experiences. I enjoy designing visually appealing and functional interfaces, and I have worked on various projects showcased on my personal website. My goal is to deliver high-quality technical solutions that exceed client expectations.

Education

Bachelor's Degree

Boumalene Dades High School
2018-2021

Graduated with honors, demonstrating strong academic performance and dedication.

University Degree

Ibn Zohr University
2021-2025

Completed coursework in computer science and web development, gaining foundational knowledge in the field.

Languages

Amazighe (Native)

Arabe (Fluent)

French (Intermediate)

English (Intermediate)

Experience

Though I lack formal experience, I have independently developed several projects displayed on my personal website. These projects highlight my proactive learning and dedication to improving my skills.

Projects

Personal Portfolio Website

Developed a personal portfolio website to showcase my projects and skills. The website features responsive design, interactive elements, and a clean, modern aesthetic.

E-commerce Landing Page

Created a landing page for an e-commerce website using HTML, CSS, and JavaScript. The page includes product listings, a shopping cart.

Skills

- HTML5 - CSS3
- JavaScript
- Adobe Photoshop
- Microsoft Word
- GitHub
- Tailwind CSS
- Microsoft PowerPoint
